RE: J&H Engineering, Inc.

To Whom It May Concern;

For the past ten years in my capacity as the Project Administrator for the County of Ventura, Department of Airports I have had the privilege to work with J&H Engineering, Inc. on several projects. These projects have been both large and small, ranging from \$1,000,000 plus to a few thousand dollars. We have contracted with them on Federal Aviation Administration grant projects. J&H Engineering, Inc. has conducted themselves professionally in all cases. Contract Change Orders are minimal; negotiations are always open and cordial. Their administrative practices, certified payrolls etc. are always on time and complete.

I would welcome the opportunity to work with them on future projects. If you have any questions, I can be reached at (805) 388-4201.

Respectfully,

A handwritten signature in blue ink, appearing to read "Donald L. Occhiline". The signature is fluid and cursive, with a large initial "D" and "O".

Donald L. Occhiline  
Deputy Director of Airports
